

Cultural & Religious Dates: 2021-22 School Year

The Beaverton School District is blessed with great diversity. Our families and their traditions come from all corners of the globe. In recognition of that, a group of concerned parents put together this calendar of major holidays or cultural festivals. They are requesting that you take these dates into account when planning school events. In addition, they would ask that you refrain from scheduling events for the day after these holidays and festivals, if those events would require students to prepare the evening before.
